

# ***STARING*** SM 6

>> >> Built to be hard-working

# Staring SM 6

SM 6 - a very handy machine for all minor tasks.

The minimal width of the plate makes this vibrator simply terrific to work with in a pipe trench, at foundations or similar.

The low weight, compact design, and the good effect make it easy to use as well as moving it to a different location.

The simple construction reduces the cost of maintenance and repairs.

SM 6 is also available with a water tank when working with asphalt.

## Technical data

Weight	60 KG	
Motortype:		
HONDA benzinmotor	4,0 Hk	(3,0 kW)
Vibratingfrequency:	60 Hz	(3600 OMDR./MIN.)
Centrifugalpower:	1500 Kp	
Total width:	315 mm	
Pressure face width:	315 mm	
Pressure face length:	400 mm	
Working speed:	28 m max pr. minut	
Deptheffect :	300 mm	
Climbing capacity:	30 %	

## Results

Measurement of the sound power level, sound pressure from the operator position, and hand-arm vibrations on the plate vibrator type SM 6.

The test applies to plate vibrator type SM 6 equipped with an internal combustion engine.

Manufacturer:	Honda
Model:	GX
Type:	120 SX
With speeds at 3600 rev/min.	

## Results of measurements

A-weighted sound power level:	LwA	99 dB re. 1 pW
Sound pressure:	LpA	85 dB re. 20 µPa
	LpCpeak	104 dB re. 20 µPa

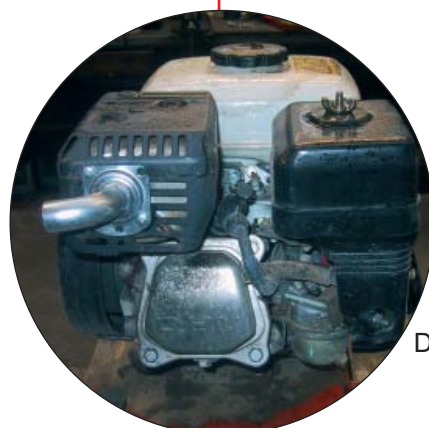

Weighted hand-arm acceleration measured on the actuating handle:	ah,w	4,0 m/s <sup>2</sup>
