

# ***STARING* MEGA MIXER**

>> A solution world wide

## Know-how, development and good workmanship

Founded in 1962 with more than 40 years in the mixer trade.

Staring Maskinfabrik A/S has built up substantial know-how and expertise in the development and manufacture of mixers plus their accessories.

Staring Maskinfabrik A/S not only offers the standard range of mixers but can also develop and manufacture complete Staring mixing Plants together with the necessary control system.

It has always been our aim to supply products which are world class, backed up by the best service imaginable.

Staring Maskinfabrik A/S is a Danish company which has shown that good Danish workmanship is appreciated throughout the world.

## The Staring Mega Mixer

After more than 10 years on the market Staring Mega Mixers have proved themselves to be sturdy with high efficiency. Especially when mixing different materials such as those with a low cement content.

## The following materials can be handled by Staring Mega Mixers

- Refractory Materials
- Concrete
- Epoxy product
- Mortar
- Cement based materials
- Filling material
- Insulating materials
- Dry mixtures

## Try the Staring Mixer out before purchase

Staring Maskinfabrik A/S allow their customers to test the Mixers before making a final commitment to purchase either by:

- Carrying out a test mix of materials in conjunction with the customer
- Allowing the customer to borrow a mixer for a period of time so that tests can be carried out.

MEGA 300

MEGA 500

Staring Mega Mixers are the sturdiest mixers on the market and have a large capacity. Suitable for industrial use and for major tasks on sites.
